What is the SBA 7(a) Program?

The U.S. Small Business Administration 7(a) Loan Program is designed to help small businesses that are creditworthy but cannot qualify for a conventional loan. The SBA works with participating lenders to reduce their risk, increasing the likelihood of your loan's approval. Borrowers may use SBA-backed 7(a) loan proceeds for almost any legal business purpose. The loan can be used to purchase and/or improve real estate, equipment and inventory or provide working capital. Proceeds may also be used to refinance business debt, purchase an existing small business or franchise and finance partner buyouts.

| | |
|------------------------|---|
| Max loan amount | \$5 million |
| Interest rate | Variable, generally capped at Prime + 2.75% |
| Guarantee | 50% to 90% |
| Terms: | Vary according to the loan purpose, generally up to 25 years for real estate or 10 years for other fixed assets and working capital |

What are the Business Qualifications?

- Must operate a For-Profit business within the United States and territories
 - Must meet SBA's small business size standards
 - Must demonstrate ability to repay loan

Why Choose Midwest Regional Bank?

As SBA Lending experts, we have extensive knowledge and experience with SBA Lending. And as a Preferred SBA Lender, we offer favorable terms and can secure funding faster than most lenders.
