What is the SBA 7(a) Program?

The U.S. Small Business Administration 7(a) Loan Program is designed to help small businesses that are creditworthy but cannot qualify for a conventional loan. The SBA works with participating lenders to reduce their risk, increasing the likelihood of your loan's approval. Borrowers may use SBA-backed 7(a) loan proceeds for almost any legal business purpose. The loan can be used to purchase and/or improve real estate, equipment and inventory or provide working capital. Proceeds may also be used to refinance business debt, purchase an existing small business or franchise and finance partner buyouts.

Max loan amount	\$5 million
Interest rate	Variable, generally capped at Prime + 2.75%
Guarantee	50% to 90%
Terms:	Vary according to the loan purpose, generally up to 25 years for real estate or 10 years for other fixed assets and working capital

What are the Business Qualifications?

- Must operate a For-Profit business within the United States and territories
 - Must meet SBA's small business size standards
 - Must demonstrate ability to repay loan

Why Choose Midwest Regional Bank?

As SBA Lending experts, we have extensive knowledge and experience with SBA Lending. And as a Preferred SBA Lender, we offer favorable terms and can secure funding faster than most lenders.

	MWRBank	Other SBA Lenders	Traditional Loans
Loan to Cost	90%	70% - 80%	50%
Minimum DCR	1.15	1.25	1.30
Minimum FICO	680*	680	680

*We work with all credit scores; 680+ provides the best opportunities for approval.
